## WEEK 17

Welcome to Week 17 of our COVID-19 newsletter! Kentucky's positivity rate has remained above 5% over the last 3 weeks, prompting Governor Beshear to take new actions to prevent the spread of the virus.

Today's newsletter will be our our last weekly COVID-19 update. Going forward, this newsletter will be released every 2 weeks unless urgent information becomes available.

## STATUS UPDATE

As of July 29, we are operating at a **LEVEL 2** response. For you that means:

- Warren RECC lobbies and drive-thrus are OPEN
- Visitors are asked to voluntarily limit visits to the office, especially if feeling ill

Visit [www.wrecc.com](http://www.wrecc.com) to make payments or to apply for service.

## NEW GUIDANCE

On Monday, Governor Beshear announced that for the next 14 days, restaurants must return to operating at 25% capacity and bars must close. Additionally, he encouraged schools to remain closed until at least August 17. These new requirements join a mask mandate, new limits on non-commercial social gatherings, and a travel advisory for "hot spots". If you're out and about, please stay safe and remember to wear your mask!

## TAKEOUT TIPS

With the new capacity limits, you'll likely be ordering out more. The UK Co-op Extension Office has some good tips for food safety:

- Order from restaurants you trust.
- Choose direct pickup over delivery.
- Use gloves to handle packaging.
- Serve food on individual plates.

## WHO'S HIRING

The Kentucky Chamber of Commerce continues to collect information on open positions in Kentucky. Click [here](#) for a statewide list.
