**WARREN RECC OUTAGE UPDATE**

May 18, 2025 (Bowling Green, KY) As of 9:00 p.m., Warren RECC has three remaining outages with 19 total members affected. Our crews have worked diligently today and will complete restoration efforts this evening.

With storm outages restored, we will focus on clean-up efforts. If you have debris from the restoration (such as poles or wires) left on your property, we will be back to clear that area.

We would like to remind all our members that spring is right-of-way clearing time. As we have just seen, trees and power lines are not a good mix. Please be patient in the coming months as right of way crews work in your area.

For the most up to date information on Warren RECC including outages, community notifications, and general information, follow us on social media or visit our website at [www.wrecc.com](http://www.wrecc.com).
